WERTZ & COMPANY Emerges as One of Orange County's Top Professional Services Company

Russ Wertz accompanied by a majority of partners and professional staff from what was Corbin & Wertz have organized a new Irvine based professional services company – Wertz & Company. Corbin & Wertz had announced its planned reorganization in September 2002.

“All the final contracts have been signed and logistical arrangements made for Wertz & Company to immediately move forward as a full service CPA and consulting firm,” said Russ Wertz, the Managing Partner of Wertz & Company.

Following Wertz are six partners and a total staff of 40 professionals. Along with portions of the Audit, Tax and Closely-Held Business practices, the Consulting, Wealth Advisory, Financial Services, and Practice Development departments will join up to complete the multi-disciplinary firm. Wertz & Company will remain headquartered out of its current high-rise location on Main and Jamboree and will also maintain its Long Beach office at the Kilroy Airport Way complex. At 40 professionals, Wertz & Company will remain as one of the top ten local firms headquartered in Orange County.

Wertz states, “Our focus remains unchanged...provide high quality, client centered, professional services to privately-held entrepreneurial companies in Southern California. We understand entrepreneurial companies because we are one. They want good business advice from competent people who will help them address their business challenges today as well as work to build a better financial future. We get that and our clients know we understand them and their needs.”

Wertz & Company, headquartered in Irvine, provides audit, tax, consulting, and financial services to individuals and small & mid-size entrepreneurial companies throughout the Southern California region.
