Wertz & Company named among Top 40 “Best Places to Work in Orange County”

On Thursday, September 24th, Wertz & Company was honored at the Orange County Business Journal’s inaugural Best Places to Work Awards Luncheon. Nearly 400 guests attended the event, which took place at the Hyatt Regency Irvine. Wertz & Company was recognized for making the Top 40 list of Orange County companies who received all-around outstanding ratings from their own employees (via an independent survey) for providing a quality work environment, and placed 5th overall in the small company category, and first among all participating CPA firms.

“We are very honored to have placed among the Top 40 companies overall and 5th in our category,” announced Russ Wertz, Chief Executive Officer. “Our employees are the core of our business, so providing an environment that makes them enjoy what they do while servicing our clients is paramount in how we operate.”

The list was nearly a year in the making and started late last year with calls by the Orange County Business Journal for companies to participate in a lengthy interview and evaluation process by Best Companies Group, an independent workplace researcher that does similar lists for publications across the country. The companies were ranked by Best Companies Group’s propriety scoring system based on responses from two sets of surveys. Three-quarters of a company’s score was based on a 67-question employee survey used to evaluate their experience and a company’s culture. A quarter of the company’s score was based on an employer questionnaire used to gather details about benefits, policies, practices and other general information. The two sets of responses were analyzed and scored to come up with the 40 companies on the list, which were then rated according to company size.

Wertz & Company, headquartered in Irvine, is a full service, client centered, CPA firm specializing in providing, tax, consulting, and financial services to individuals and small & mid-size entrepreneurial companies throughout the Southern California Region.
