

ENTREPRENEURIAL BUSINESS SERVICES

Just because you aren't a large corporation
doesn't mean you don't have significant needs!

Big Solutions for Smaller Businesses

We specialize in serving entrepreneurs and small business owners. While it's true that some of our clients now have large, mature businesses—they didn't start that way. There's just something about that entrepreneurial spirit that drives our Firm. It's who we are. Helping businesses grow is what we do best, which is why we offer an array of competitively priced and diverse services to meet your back office accounting needs.

Our Entrepreneurial Business Services Division, working closely with our tax department, offers a full range of tax and accounting advisory services to help emerging businesses get organized financially, strategically, and to plan for the future. Some of our more popular services include:

- Accounting system design and implementation (Intacct and QuickBooks Online, Enterprise and Desktop Programs)
- Bookkeeping
- Accounts receivable/accounts payable management
- Bank reconciliations
- Preparation of monthly financial statements
- Periodic reports and analysis
- Budgeting and projection assistance
- Cash flow review and planning
- Cost control analysis
- Employee and independent contractor compensation reporting (i.e. 1099's, W-2's, etc.)
- Tax return preparation and filings for local, state, and federal governments
- Business advice/solutions to complex problems

Designed specifically for closely held businesses, we provide an array of competitively priced and diverse services to meet your back office accounting needs. We understand that you face many of the same challenges larger companies face and that your needs are not any less significant because of the size of your enterprise.
